Announcement.

2-19399

In presenting this volume the author feels assured that he is offering a work that is of much use and value to those branches of the trade for which it is especially intended.

The lists, comprising about 12,600 cigar manufacturers, are taken from the most reliable source available, and include such as have been accorded some kind of a mercantile standing, and have been arranged in the most concise and practical manner possible, for convenience.

They are arranged by States, each State showing its respective Internal Revenue District or Districts, and each city or town in States divided into more than one district, also indicate the respective district to which it belongs by numerals corresponding to the district it is in.

The lists of Leaf Tobacco Importers, Packers and Dealers have been similarly arranged, except that the revenue districts of the different States were not repeated. Each city and town, however, indicates its respective district, as was done in the list of Cigar Manufacturers.

In addition to these lists the list of Havana Leaf Tobacco Exporters and Commission Merchants, and Leaf Tobacco Warehouses, will be also found a great convenience to the trade at large.

Since cigar manufacturing in Porto Rico has become an important factor, it was deemed advisable to also include a list of the more important factories on the island.

Give the Baby a Name

Register Your New Brands With The Tobacco World

Where they will be seen by the entire trade. The most complete and exhaustive list of Cigar, Little Cigar, Cigarette, Tobacco and the like Trade Marks in existence is on file in the Registration Bureau of The Tobacco World. Remember that if names and designs originating with yourself (who most probably have no list of the many thousands of names already in use) are found to be not available, The Tobacco World is at all times prepared to submit a large number of names out of which you may make a selection.

The usual charge of **25 cents** for searching the records will be made in each case. The fee for registering is **$1.00** for each trade mark.

The Tobacco World publishes weekly a complete list of current registrations, in its own and other bureaux. Its weekly issues are, therefore, of great value and interest to cigar manufacturers, label lithographers, and all others interested in trade marks.

Subscription, $2.00 per year. *Single copies, 6 cents.*
